To have success one must plan and meet conditions. Holson the dry goods dealer anticipated present conditions. He believed the people would have more earnings to spend, consequently he bought and has on view a greater variety and a large stock of staple and fancy dry goods. Mr. Holson has been successful in making sales to all who have patronized him. His past success encourages him to believe that if you and others who want a nice garment to make you comfortable this cool weather will come in and examine the stock which include ladies' suits, ladies' capes and jackets, boys' and youths' clothing he will be able to supply you with the article that will give you satisfaction.

Allen & Bowersox,

THROWN OUT

The Case of L. H. McMahan Vs. the Canadian Pacific Ry.

Non-Suited by Judge Burnett in Department No. 2 of the Circuit Court—Evidence Insufficient.

The case of L. H. McMahan vs. the Canadian Pacific Ry. Co. was thrown out of court Monday afternoon, on motion of the defense, after the testimony for the prosecution was all in.

The case has aroused considerable interest among newspaper men, from the fact that the amount sued for was alleged to be due for advertising, the claim with interest amounting to about \$1000.

In his complaint McMahan alleged that he published a certain advertisement in the Woodburn Independent, for the Canadian Pacific, under a specific contract; that this amounted to \$219; he received in transportation \$77; that he afterward published in the Salem Daily Independent and Semi-Weekly Independent certain other advertisements under a verbal contract with J. L. Mitchell local agent for the Canadian Pacific; this amounted to \$412.35; that the corporation declined to pay any thing for this; that he repeatedly asked for transportation but was refused.

The defense acknowledged the contract for the Woodburn advertising, but claimed that the contract was for one year at \$9 per month, and that the plaintiff published the advertisement about ten months and then quit. The defense, however, deny that Mitchell had any authority to bind the corporation in the case of the advertising in the Salem Independent, and on this point the main controversy hinged. When Mitchell was put on the stand for the prosecution the defense fought nearly every question asked him on the ground that he had not been shown to be empowered to act for the company.

Judge Burnett admitted the evidence, with the proviso that it must be shown that he had legal authority from the corporation to perform for it the acts to which he testified. It seemed, however, that Mitchell had never had a written contract with the corporation, but had received his appointment as agent for the Willamette valley from D. E. Brown, at that time general passenger agent for the Pacific coast, and that the contract, so far as there was one, was mostly verbal; that he made his reports to Brown at least once a week.

As the case for the prosecution hinged on Mitchell's testimony, the failure of McMahan's attorneys to produce evidence sufficient to satisfy Judge Burnett that Mitchell was authorized to bind the corporation in an advertising contract, caused the rejection of this testimony, and left a fatal weakness in that side of the case.

When the prosecution rested, at 5 p. m., the defense moved a nonsuit, and after the jury had been excused until 9 o'clock next morning, the attorneys argued this motion. When they finished at 8 o'clock Judge Burnett allowed the motion and dismissed the case.

Attorney for McMahan were John A. Carson and S. T. Richardson, those for the corporation were Brown, Wrightman & Meyers and Geo. G. Bingham. The case will be carried to the supreme court.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be lost forever; none can see out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
